Re: Quarterly Update – 2nd Quarter 2015
Former Augusta Refinery (FAR) RCRA Facility Investigation (RFI)
Williams Petroleum Services (WPS), LLC
Augusta, Kansas – KSD007235138

Dear Mr. Herstowski:

This letter is offered as the report of investigation activities at the Former Augusta Refinery (FAR) in accordance with Section X, "Reporting," of the Administrative Order on Consent dated October 24, 2003, Docket No. RCRA-07-2004-0009. This report addresses activities occurring during the period of April 1 through June 30, 2015.

Description of Activities

- In accordance with the August 12, 2014 LNAPL CMS Work Plan Addendum, continued to monitor the LNAPL thickness and recovery in wells with ongoing removal by passive skimmers and bailing.
- Downloaded transducer data and collected water levels as part of the continued Water Balance evaluation through the ongoing monitoring of water level data per the September 11, 2013 scope of work.
- Monitor well gauging and sampling activities were completed. Analytical packages were received and preparation of the monitoring report was initiated.

Summary of All Findings

- Data collection for the LNAPL CMS Work Plan Addendum is an on-going process being performed over time to include seasonal factors in overall evaluation. Final data for the evaluation will be provided in the CMS for the FAR.
- Final data collected for the Water Balance CMS Work Plan scope will be presented in the CMS for the FAR.
- Data collected from the SWMU-16 CMS Work Plan is being evaluated to determine strategies for interim measures implementation.

Summaries of All EPA Approved Changes

- In correspondence from USEPA to Williams Petroleum Services dated May 18, 2015, USEPA provided approval of the Human Health Risk Assessment Addendum dated November 26, 2014.

Summaries of All Contacts

- On April 2, 2015, WPS submitted the 1st quarter 2015 update to the EPA.
- In email correspondence dated May 29, and June 11, 2015, CB&I received clarification from USEPA regarding RFI review and CMS Work Plan initiation. While WPS will continue CMS evaluation activities, the formal CMS Work Plan will not be submitted until concurrence is received on RFI reports.

Summaries of Problems Encountered

None.

Actions to Rectify Problems

None.

Changes in Key Project Entities

None.

Projected Work for the Next Reporting Period

The following activities will be performed or initiated during the next reporting period:

- Submit the 2015 groundwater monitoring report.
- Continue work on the LNAPL monitoring evaluation for the CMS.
- Continue work on the water balance evaluation for the CMS.
- Continue work on the SWMU-16 evaluation for the CMS.
- Continue work on the Walnut River AOI Interim Corrective Measures.

Other Relevant Documentation

None

I certify that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to evaluate the information submitted. I certify that the information contained in or accompanying this submittal is true, accurate, and complete. As to those identified portion(s) of this submittal for which I cannot personally verify the accuracy, I certify that this submittal and all attachments were prepared in accordance with the procedures designed to ensure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those directly responsible for gathering the information, or the immediate supervisor of such person(s), the information submitted is, to the best of my knowledge
